

Unicatz memory match game.

3 +

EN

INSTRUCTIONS

For 1-4 players

Make as many matching pairs of Unicatz characters as you can. When all the cards have been matched, the player with the most card tiles wins!

SETUP

Place all 48 Unicatz card tiles facing down. Mix them up so no one knows where anything is and arrange them into neat rows. For younger players, you may want to use fewer cards. Just make sure each card has a match.

HOW TO PLAY

1. The youngest player always goes first, then play continues to the left.
2. Flip over one card and place it facing up. Flip over another card so everyone can see it. If your card tiles match, keep them and take another turn.
3. If the cards do not match, flip them back over in the same spot. Your turn is complete.
4. Try to remember where the characters are hidden to make a match on your next turn.
5. Once all of the cards have been matched, the player with the most cards wins!
